TELEPHONE COMPANY

TYPICAL LONG DISTANCE TELEPHONE RATES

Night and Sunday rates apply from 7 p. m. to 4:30 a. m. every night and all day every Sunday. You can talk three minutes for rates shown, except on station-to-station calls of 25 cents or less, for which you can talk five minutes. For rates to other places, ask for Long Distance.

NORTH WESTERN BELL TELEPHONE COMPANY

Tribune, Ames—41005

Your Telephone Company

THE Northwestern Bell Telephone Company serves the territory indicated on the map to the right. All the capital stock of the Northwestern Company is owned by the American Telephone and Telegraph Company, which is owned by more than 639,000 stockholders.

Five of the board of directors of the Northwestern Company are officers of the Company. The other 12 are not employees of the Company, but bring to its management the benefit of experience in other businesses. The directors are: I. G. Carll, B. F. Kauffman, E. H. Mulock, Des Moines, Iowa; B. C. Way, Mason City, Iowa; R. J. Hopley, W. D. Hosford, A. A. Lowman, Francis P. Matthews, T. J. Peycke and A. H. Richardson of Omaha, Nebraska; Frank Bracelin, Karl De Laittre, Sumner T. McKnight, Minneapolis, Minnesota; W. G. Seeger and W. L. McKnight, St. Paul, Minnesota; C. O. Follett of Fargo, North Dakota, and E. H. Sexauer, Brookings, South Dakota.

Executive offices of the Northwestern Company are located in Omaha, where A. A. Lowman, chairman of the board, President R. J. Hopley, and the other general officers reside. The five-States territory, indicated by the map, is divided into administrative units called areas.

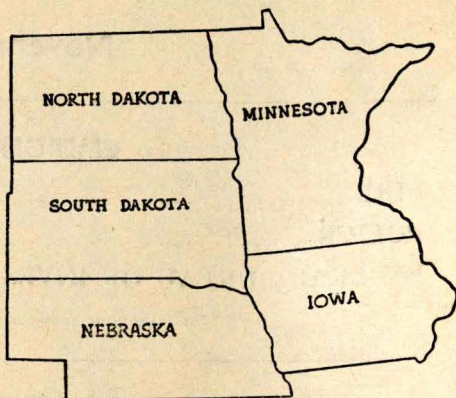

I. G. Carll, Des Moines, is vice president and general manager for the Iowa Area; Will R. Johnson, Omaha, is vice president and general manager for the Nebraska-South Dakota Area; Frank Bracelin, Minneapolis, is vice president and general manager for the Minnesota Area, and W. J. Brazell, Fargo, is vice president and general manager for the North Dakota Area. Each area is divided into districts, each of which includes several telephone exchanges. C. T. Young is district manager for the Des Moines district, C. R. Dwyer is the local manager in Ames and will be glad to handle promptly any matters associated with your service.

The property used by the Northwestern Company in furnishing telephone service represents a total investment of about \$201,000,000.

TELEPHONES SERVED

Ames has about 5,000 telephones and the Northwestern Company serves over 947,000 telephones in 634 cities and towns. There are 58 telephone employees in Ames and about 13,170 are employed by the Northwestern Company.

About 8,754,000 local calls and more than 236,000 long distance calls are handled in Ames annually, while the company in a year

handles about 2,076,000,000 local calls and about 37,844,000 long distance calls.

In the five states where the Northwestern Company operates there also are about 1,280 independently owned non-Bell telephone companies, which provide service in about 2,000 communities to approximately 578,000 telephones. The lines of practically all these companies connect with those of the Northwestern Company.

SCOPE OF SERVICE

The telephones of the Northwestern Company, as well as those of practically all the non-Bell companies, can be connected with more than 24,190,000 telephones in the United States and with about the same number in more than 70 countries of the world. (In time of war, of course, belligerent countries place restrictions on the use of international telephone service.)

There are 23 other Bell regional operating companies, each serving a specified section of the country.

The American Telephone and Telegraph Company is the parent company of the System. Through stock ownership in and contracts with the regional companies, such as the Northwestern Company, it coordinates telephone service on a national basis and insures uniform methods of operation essential to nation-wide service. It also owns and operates the nation-wide network of long distance lines by which the lines of the regional companies are linked together.

Closely associated with the American Company and the regional companies are the Bell Telephone Laboratories which carry on research to help improve service and keep its cost down, and the Western Electric Company which manufactures equipment and purchases materials and supplies for the System.

BUSINESS TRANSACTIONS WITH THE COMPANY

The telephone business office is located at 510 5th Street and is open from 8 A. M. to 5 P. M., except Sundays and holidays. At other times calls for the business office will be answered by a representative who will handle business requiring immediate attention and who will arrange for the handling of other business on the following business day.

Regulations and tariffs governing the furnishing of the various services by the telephone company are on file in the business office. A representative will gladly assist you in obtaining information from these regulations and tariffs.

Our aim is to provide telephone service that is satisfactory in all respects to telephone users. However, if for any reason your requirements are not fully met, please call 40 and ask for the manager.

Requests for Service—Requests for new telephone service, changes in or additions to existing service or equipment may be made by telephone, by mail or in person at the business office. Advance notice will assist in having the necessary work done by the date desired.

Bills for Service—Bills are issued monthly and are due upon presentation. They cover local service charges one month in advance, beginning with the date of the bill, and long distance charges for one month preceding the date of the bill. Payment of bills may be made by mail or in person at the business office. Any information regarding bills may be obtained by calling the business office.

HELPFUL SUGGESTIONS

Most satisfactory results when using the telephone are obtained if certain practices are observed. Some of these practices are as follows:

Obtain the Correct Number—Calling the right number saves time and inconvenience. If you do not find the number in the directory, ask the operator for the number, giving the full name and street address of the person you wish to call.

Speak Naturally—You will be heard best if you speak directly into the telephone in a natural conversational voice, with the mouthpiece directly in front of and near the lips.

Wait for an Answer—It's best to wait for an answer as long as you would have others wait for you. Frequently you can save the time of making another call by waiting a few moments longer for an answer.

Answer Promptly—It's to your advantage to answer your calls as promptly as you would like others to answer you. If you are slow in answering, the person calling may hang up and the call will be lost.

Say "Good-bye"—The friendly way to end a telephone conversation is to say "Good-bye" or, when appropriate, "Thank You." Always replace the receiver gently.

Telephone Habits—When you lift the receiver of your telephone, you are about to meet someone to engage in a conversation is as important as a personal visit. Courtesy, friendliness and a pleasant voice are good telephone habits.

Service Signals—The ringing signal is an interrupted "burr-burr-rr-ing" and indicates that the bell of the telephone you have called is being rung. If you obtain no answer after hearing the signal repeated for a reasonable length of time, hang up the receiver and call later.

GENERAL INFORMATION

Suspension of Service—When you are to be away from your residence for an extended period you may arrange to have your telephone service temporarily suspended at a reduced rate and your telephone number retained. There is no charge for reconnection of the service upon your return.

Planning for Telephone Service—If you want assistance in planning telephone needs for new or remodeled homes or buildings, just call 40. Information will gladly be given as to the installation of telephone outlets and pipes in which to conceal telephone wires, either for present or for future service requirements.

Telephone Directories—If you do not receive a directory or your directory is no longer serviceable, please call 40.

Use of an out-of-date telephone directory interferes with good telephone service as each new issue contains many changes in numbers and listings. Simply as a matter of good service, the telephone company retains ownership of telephone directories and they should be given by customers to the delivery man at the time the succeeding issue is distributed.

Directories of Other Cities—In case you want telephone directories of other cities we will obtain them for you. Prices and other information may be obtained by calling the business office.

Directory Listings—When you receive a new directory, please check your listing and if it is incorrect notify our business office so that we may change our records.

The telephone company issues directories to assist it in furnishing prompt and convenient service, but it does not guarantee correct listings therein. The telephone company shall not be liable for damages arising out of errors in or omissions from its directories.

Advertising Telephone Numbers—It will be a convenience to those who may wish to call you if you include your telephone number in newspaper advertisements and on stationery, cards and other advertising material.

If for any reason your telephone number is changed, any printed material should be corrected promptly so that persons calling may reach you without delay. It is especially important to keep those in distant cities who may have occasion to call you, informed of your correct telephone number.

Telephone Attachments—The telephone provided you is an intricate and sensitive instrument, developed through years of experiment and research. It is complete in itself to give the best possible service.

Our experience has been that the attachment of other auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any device, not supplied by the Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The telephone company reserves the right to remove all such apparatus and devices.

If you have a special problem of telephone service, please call our business office and we shall be glad to assist you in meeting it.

OUT-OF-TOWN CALLS

To Make a Long Distance Call—Ask for "Long Distance" when you wish to make a long distance call. Give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or business firm being called. If you wish to talk to a specific person, also give the name of that person.

Station-to-Station Call — A Station-to-Station Call is one on which you ask to talk with anyone available at the telephone called and do not request a specific individual, a department or an extension telephone reached through a private switchboard. Charges begin when the number called has been answered and are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Station-to-Station calls cost less than Person-to-Person calls.

Person-to-Person Call—A Person-to-Person Call is one on which you ask for a certain person, a department or extension telephone reached through a private switchboard. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

At your request, the operator will send a

messenger to summon to a telephone anyone you call who cannot be reached directly by telephone. This will involve a small additional charge for messenger service. Also, at your request, the operator at no additional charge will make an appointment with the person called so you can talk at a specified time.

Reduced Night and Sunday Rates—

Every night from 7 P.M. to 4:30 A.M. and all day every Sunday there are reduced rates for both Station-to-Station and Person-to-Person calls. These rates are lower than corresponding week-day rates on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls and, in general, 50 cents for Person-to-Person calls.

Reversal of Charges—

If you wish to reverse the charges, please notify the operator when you place the call. This may be done on both Person-to-Person and Station-to-Station calls without extra cost, except on Station-to-Station calls of 20 cents or less for the initial period which take a higher rate when sent collect.

Long Distance Rates—

If you wish information about long distance rates, refer to the inside front cover of this directory or call "Long Distance." If you wish to know the cost of a call at the close of the conversation, notify the long distance operator at the time you place the call.

Long Distance Conference Service—

Long Distance Telephone Conference service permits connection to your telephone line of persons in different cities or locations so that each can talk and each can hear the others as though seated around a table.

This service is especially helpful for business firms who find it necessary to adjust themselves quickly to changes in manufacture, sales or service, for linking headquarters and branch offices, and for sales managers and busy executives to hold meetings without leaving their desks.

When you want to hold a long distance telephone conference just call "Long Distance" and tell the operator that you desire to make a Conference call and give her the same details as if separate Person-to-Person calls were being placed. To assure reaching all parties, it is desirable to place Conference calls on an appointment basis.

International Telephone Service—

From your telephone you can call telephones in Europe, Africa, Asia, Australia, Central and South America, Bermuda, Canada, Cuba, Mexico, West Indies, Alaska and Hawaii, and on many ships at sea. In times of war, of course, there are certain restrictions on the use of international telephone service. Information and rates can be obtained by calling "Long Distance."

TELEPHONE SERVICES

To help conserve vital war materials, the government has placed restrictions on the addition and replacement of telephone equipment and facilities. In some instances these restrictions make it impossible to provide the service requested. They may or may not affect you, depending upon varying conditions and circumstances. If you are planning a change in your telephone arrangements, we suggest you get in touch with our business office, giving us as much advance notice as you can.

LOCAL TELEPHONE SERVICE

- Individual and party lines.
- Extension telephones.
- Coin box telephones.
- Joint use of service with another customer on same premises.
- Switchboards.
- Private lines (for communicating exclusively between two telephones in the same exchange).
- Time of day service.

LONG DISTANCE SERVICE

- Station-to-station (when you ask "Long Distance" to talk with anyone available at the telephone called and do not request a certain individual, or department or extension telephone reached through a private switchboard).
- Person-to-person (when you ask for a certain person, or a department or extension telephone reached through a private switchboard).
- Long distance conference service (enables you to talk by telephone with several persons in different cities at the same time).

EQUIPMENT TO MAKE YOUR SERVICE MORE CONVENIENT

- Additional lines to central office.
- Special head receivers.
- Telephone buzzers.
- Lamp signals (for use where a visual signal is desired).
- Musical tone signals.
- Loud ringing gongs and horns.
- Intercommunicating equipment.
- Special telephone equipment for the hard of hearing.
- Portable telephones (for plugging in wherever service is needed only occasionally, such as in guest rooms, sun rooms, etc.).
- Switching and cut-off keys.
- Outdoor telephones in weather-proof cabinets.

DIRECTORY SERVICE

- Additional listings in the alphabetical section of the directory are available to subscribers of either business or residence service.
- In the classified section (yellow pages) additional listings, bold-face type and other representation are available to business subscribers.

NORTHWESTERN BELL TELEPHONE COMPANY

What are the points of a Pleasing Telephone Personality?

- To talk directly into the telephone with lips close to the mouthpiece.
- To speak pleasantly and distinctly in a normal tone of voice.
- To say "Goodbye" or otherwise close the conversation pleasantly.
- To hang up gently when the conversation is completed.

CLASSIFIED TELEPHONE DIRECTORY

A complete Ames business directory listing business firms under headings generally descriptive of their business.

How to Find Where to Buy the Article or Service You Want—

1. Locate the heading descriptive of the business that sells the article or service. These are listed alphabetically. Suppose you want the services of a plumber. Find the heading "Plumbers" on the "P" pages.
2. Then select from the listings the firm or individual with whom you wish to do business.

You will find headings descriptive of particular kinds of businesses and professions with lists of firms which can serve you. You will also find display representation which provides more complete buying information.

How to Find the Telephone Number of a Business Firm—

1. Locate the heading descriptive of the general type of business. These are listed alphabetically. Suppose, for instance, you want a certain laundry company. Find the heading "Laundries" on the "L" pages.
2. Then locate the desired firm and telephone number by examining the listings.

If you wish further information about additional listings or other representation in the telephone directory, please communicate either by telephone or letter with the business office, 510 Fifth, Telephone 40.

We Believe in **AMES**

The national government and the state government have fully recognized the value of organized effort. The Ames Junior Chamber of Commerce represents organized effort in building the community, promoting civic projects and making our city a finer place in which to live.

It is your organization. Be a member and have a real active part in building your home, business and community.

We maintain Club Rooms in HOTEL SHELDON-MUNN.

This Company believes that
fair wages, fair treatment in-
cluding opportunity for ad-
vancement, and safe and
agreeable working condi-
tions all tend to attract and
retain employees who will be
most capable of serving you.

These Yellow Pages contain the answer
to almost any question on where-to-buy-it
or who-can-fix-it.

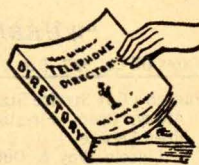

We are doing everything
in our power to be of maxi-
mum service to the Army,
the Navy and war indus-
tries in winning the war.

**NORTHWESTERN BELL
TELEPHONE COMPANY**

Your Use of the Telephone in War-Time

You can help us serve
both you and the war
effort by observing these
good telephone practices:

Use your telephone directory

Look up numbers in your
directory. Call "Informa-
tion" only if the number is
not listed.

Answer promptly

Also, give the person you
are calling enough time to
reach the telephone before
you hang up.

Cooperate on party lines

Share the line with others
as you would like them to
share it with you.

**NORTHWESTERN BELL
TELEPHONE COMPANY**

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2

Emergency and Special Calls

FIRE (to report a fire) from 7:30 a. m. to 8 p. m. on Mondays, Tuesday, Thursdays, and from 7:30 a. m. to 10 p. m. on Fridays, Saturdays, (At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 8 p. m. on Mondays, Tuesdays, Wednesdays, and Thursdays, and from 7:30 a. m. to 10 p. m. on Fridays, Saturdays, and Sundays. . . . Dial "0" (At all other hours dial "9" and ask for "Long Distance")

Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college telephone system, lift the receiver and upon

hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 8 p. m. to 7:30 a. m. on Mondays, Tuesdays, Wednesdays and Thursdays, and from 10 p. m. to 7:30 a. m. on Fridays, Saturdays and Sundays.

During these hours see the instructions and night number list on page 11.

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

Directory and Service Changes

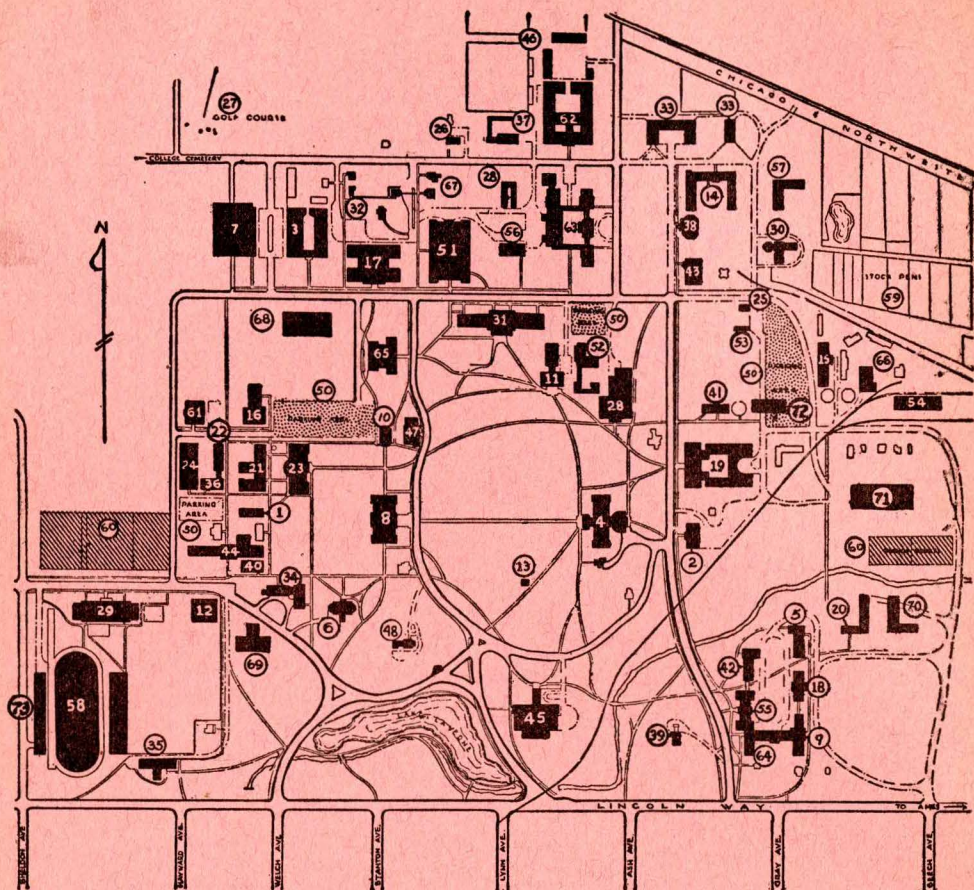

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

Operating under this policy, the management of the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays, and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.
